Declaration of Schenker China Ltd. and Schenker International (H.K.) Ltd.

Clarification on fake company recruitment advertisements in China

(Hong Kong/China, 11 December 2008) Schenker China Ltd. (mentioned as "DB Schenker") entered Mainland China in the late 1970's. The company is a multi-modal freight forwarding and logistics provider, offering land, air and ocean freight concepts as well as logistics services for trade fairs, relocations, projects and large international sports events.

Recently, an external party has posted recruitment advertisements under our company name, mentioning as contact point "Supervisor - Mr./Ms. Ching" and the e-mail address "schenker_hr@xxx.com". In these advertisements, job seekers are requested to report in for duty and receive orientation training in various places within China. This act infringes our company's goodwill as well as the legal rights of job seekers.

For that reason, our company releases the following declaration:

- Our company has strict recruitment procedures; our company's official website is <http://www.schenker.com.cn>. We have not released above mentioned recruitment notice. Please do NOT be deceived.
- In case any fake recruitment activity/message under our company name is found, please report it to the relevant authority or directly to our company (Ms. Huang +86 020 8348 6412).
- Our company reserves the right to prosecute for legal liability on the person or party engaging in any fake recruitment activities under our company name.
