Since October 31st, we changed our telephone number as below:

Phone +86 21 23071188
Fax +86 21 52925166.

If you have any question, please do not hesitate to contact us at:
marketing.sha@schenker.com

Our logo changed!

Our Schenker logo officially changed on October 1st! To make it more obvious that Schenker belongs to the DB group (Deutsche Bahn group), the Stinnes word has been replaced by the DB button:

Austrian National Day in Shanghai

Taking place in the Renaissance Hotel on October 26th 2005, the Austrian National Day gathered the Shanghai Austrian community coming to celebrate their special day.

It was an Austrian, Mr. Gottfried Schenker who founded the company more than 130 years ago! Schenker Shanghai showed its full support by sponsoring the evening, and participated as well with a well-decorated table full of useful various information and company gifts!

Asia Logistics Awards 2005

The 4th Asia Logistics Award Ceremony has been taking place on 3rd November 2005 at the JW Marriott Hotel in Shanghai, China.

For this year edition, Schenker was nominated for the following categories:

Airfreight Forwarder, Sea-freight Forwarder, Ethical Responsibility, Project Forwarder and 3PL.

Additionally, Schenker sponsored the award category of "Supply Chain Manager".

The gala dinner ceremony, happening in a relaxed celebration atmosphere in the Shanghai JW Marriott Hotel, was accompanied with tasty dishes, wine and cocktails. This was definitely

providing the best platform for the guests to mix and mingle.

The laid-back awards ceremony allowed the different participants to develop relationships with some of the top players in the Asian global supply chain and logistics industry.

Schenker, as one of the leading international logistics providers was more than pleased to attend the event and proudly won the "Project Forwarder Award" for the third year in a row!

Be assured that we will keep our good performance to be nominated and awarded next year once more!

Market updates

Yangshan port is in every Shanghai Sea freight talk

When it comes to the Shanghai sea freight world, the Yangshan port is in every conversation. The main reason is that the 1st phase of Shanghai's Yangshan deepwater port is due to start up operations this month.

This very impressive project is attracting the attention of the world's largest shipping companies. AP Moeller-Maersk of Denmark and China's Cosco Group are willing to each take a stake in the second phase of Shanghai's US\$12 billion

Yangshan deepwater port. The second phase of the Yangshan port would reportedly cost about US\$830 million, though expenditure had not been finalized, and is set to begin construction during 2006!

Last year, Shanghai ranked 2nd in terms of tons and 3rd concerning container handling worldwide.

This new infrastructure will probably give Shanghai the opportunity in a close future to rank No.1 sea port in the world!

Did you know?

...that the Yangshan Deepwater port:

- is based on Da Yangshan and Xiao Yangshan Islands,
- be completed by 2020 and reach a total of 50 berths expecting to handle 25 million TEUs.
